

COMMUNITY CHAMPIONS LEADERSHIP COURSE 2021

(Learning & Employment)

Pre-accredited training program commencing Thursday 13 May

As a Community Champion Leadership Course participant, you will:

- Develop and enhance skills through volunteering at NMLL
- Develop leadership and advocacy skills
- Learn more about the training and employment sectors
- Encourage people in your community to connect to learning and employment opportunities
- Represent your communities' needs
- Support local community action

Please contact Loretta Asquini for further information:
9326 7447 / lasquini@nml.org.au

Please note that the Community Champion Leadership program has limited places and all participants need to meet specific eligibility requirements

NMLL is a community based training provider, a Registered Training Organisation and a Learn Local Organisation (TOID6410).
The CLC training is supported by funding from Federal and Victorian Governments.

Community Champion participants will receive:

A **certificate of participation** for attending the Community Champion Leadership training, which is an ACFE pre-accredited course

A **certification of appreciation** for their volunteer contribution

Contact details for a **referee** that can be used for job applications or when applying for courses, volunteering or other opportunities

73% of employers would recruit a candidate with volunteering experience over one without

What Community Champions have said about their experience

"The Community Champions program has connected me to the local community in the area. I've also learnt more about different jobs and education pathways available in Victoria, especially information about TAFE courses"

"My English improved as a Community Champion, I learnt new information so I could share it with my community."

"I wasn't really looking to volunteer, I was looking for work. But volunteering as a Community Champion was the best thing that I ever did and I would encourage others to become a Community Champion too!"
