INTRODUCTION

It can be difficult to keep up with all of the information on the COVID-19 vaccine.

That's why it's important to have a conversation with your doctor or pharmacist if you have any questions.

They can answer any questions you have and give you the information you need.

In this pack, you'll find in-language assets to show people where to go if they have any concerns about getting vaccinated. By sharing these assets with your community, you can protect yourself and the people you love.

To keep our state safe, get informed and get vaccinated.

KEY MESSAGES

↘ Your doctor or pharmacist can help you with any questions you may have about the COVID-19 vaccine

↘ To keep our state safe, get informed and get vaccinated.

↘ For more information, visit coronavirus.vic.gov.au/<language> or call the COVID-19 hotline on 1800 675 398 and press 0 for an interpreter.
