

Policy Number	PO-06
Approval Date	22/6/2020
Implementation Date	22/6/2020
Proposed Review Date	30/04/2022

Purpose

This Policy outlines the NMLL's approach to inform staff, students and visitor of official health warnings, including Heat Alerts.

Scope

This Policy applies to NMLL staff, students and visitors to NMLL, including course applicants, those involved in on-site activities and contractors.

Background

Experts advise that extreme weather will be more frequent. These events may affect peoples' health. NMLL is committed to providing a safe working environment for staff and a safe environment for students and visitors. Consequently NMLL will be proactively receive disseminate and act on health alerts and advice.

Policy

- NMLL will at all times be registered to receive official health warning from the Commonwealth Chief Medical Officer and Victoria's Chief Medical Officer.
- NMLL will determine if the advice is appropriate to those engaged with NMLL or at NMLL premises.
- Where the advice applies to those engaged at NMLL or at NMLL premises the advice will be transmitted to those affected at the earliest convenience.
- Information will be conveyed in the most appropriate manner for each audience.
- Required actions will be implemented and monitored until such time as the health warning is rescinded.

Related Procedure/s or other Quality Documents

- None.
